

“Oasis for Spirit Being”

Give us your tired executives!

As a seasoned business owner, I know first hand what stress can do in the work place. I am a 14-year survivor of breast cancer and I have developed unique intensive methods to deal with stress at our retreats in beautiful Niagara-on-the-Lake, Ontario, Canada. Come and retreat with us...

- ◆ To slow down, revitalize and focus in a fun and productive environment
- ◆ World class treatment and five-star dining to appeal to your senses
- ◆ Open your mind and explore new possibilities for self-awareness and relaxation.
- ◆ You will own newly learned skill-sets to take away and apply to everyday business

I am *so confident* that you will benefit from our retreats that I pledge a certified 30-day money back guarantee.
